

Machine description:

CARINT – flexo printing machine on foil and paper

- 8 colours with central cylinder
- type Gemini 2008 DBF model. 120, serial number 712
- production date 1996
- maximum material width 1250 mm
- maximum print width 1200 mm
- pressure width 1170 mm
- print repeatability range (report) 320-700 mm
- components: "Demag", crane, lifting capacity 125 kg, 8-colour unit, drying tunnel, "Vetaphone", Corona plus type processing with generator, semi-automatic unwinder, type SSB
- maximum roll diameter 800 mm
- rear frame with "Eltainer" pulling units
- airco cooling tank
- type W rewinder, roll diameter 800 mm
- "Eltromat" - material preview
- control cabinet with 8 doors, power 250 kW, 380V
- shafts, panels, printing components, control elements, pipelines, valves
- course machines: 38,091 h (hours)
